STOP ICE and Snow in its Tracks!

Safer*

STOP ICE® Ice Melter is safer for use on concrete, wood and near plants and vegetation. It is also less harmful to vehicles and equipment.

Easy to Handle

Easy to use and no protective clothing necessary.

Long Lasting

The STOP ICE® Ice Melter formulation is specially coated with melting extenders for long lasting performance.

Visually Measured

STOP ICE® Ice Melter is coated with a highly visible green color indicator to allow precise and cost effective dispersion.

*when used as directed
