

EnvironMelt[®]

the green solution

ice melter with CMA

EnvironMelt[®]

the green solution

ice melter with CMA

SAFER TO HANDLE

Easy to use. No protective clothing necessary. Safer for children and pets.

LESS HARMFUL TO VEGETATION

Non-hygroscopic formulation. Won't hurt grass, trees or other vegetation.*

NON-TRACKING

Will not harm carpets and floors. Will not damage leather or footwear.*

LESS DAMAGE TO CONCRETE

Reduced damage to wood and concrete makes this one of the safest ice melters.*

EASY DISPERSION

Extended shelf life.

REDUCED CORROSION TO METALS

Anti-corrosion agents reduce damage to vehicles, equipment and other metal surfaces.

*when used as directed

Anti-Corrosion Formula

CMA (Calcium Magnesium Acetate) is an environmentally benign deicer. Where metal corrosion is a concern, EnvironMelt's[®] special formula creates a bond between the surface area and the elements to protect against corrosion.

Fast Acting

EnvironMelt[®] combines the most effective deicing ingredients; creating the desired reaction to initiate deicing and meltdown. EnvironMelt[®] when pre-applied prevents snow and ice from bonding to the surface area. As EnvironMelt[®] goes to work, its time-released formula stays on the surface area longer, helping to control the freeze/thaw cycle.

Health and Safety

EnvironMelt[®] is safer to handle without protective clothing. It does not dry out or irritate the skin.*

Non-Tracking

When properly dispensed, EnvironMelt[®] minimizes tracking on floors and carpets.

Safer Ice Melter

EnvironMelt[®] goes after the ice and snow; clearing the way to safety. This specially formulated product contains "Dolomite" for added traction control; further enhancing performance.

Environmentally Formulated

Nature's own ingredients combine for just the right formula. Unlike some deicers, EnvironMelt[®] works to preserve "vegetation and plant life" when used as directed. With EnvironMelt[®], there is no slimy residue being tracked in, making clean up virtually non-existent.

Easily Dispersed & Extended Shelf Life

EnvironMelt[®] is specially formulated with an anti-caking agent to allow for free-flowing dispersion.

Visually Measured

Not only will you see the quick action of EnvironMelt[®], specially coated with a green color indicator going to work on the ice and snow, this product will allow the precise spreading to ensure cost-effective dispersion.
